Contents

No. 1 March 1981

Mulberry tussock moth dermatitis. A study of an epidemic of unknown origin SU DE-LONG *page* 1

Congenital malformations and maternal occupation in Finland: multivariate analysis K. HEMMINKI, P. MUTANEN, I. SALONIEMI, AND K. LUOMA *page* 5

Childhood cancer and parental occupation in Finland K. HEMMINKI, I. SALONIEMI, T. SALONEN, T. PARTANEN, AND H. VAINIO *page* 11

Mortality and type of cigarette smoked P. N. LEE AND L. GARFINKEL *page* 16

The importance of tar and nicotine in determining cigarette smoking habits NICHOLAS J. WALD, MARIANNE IDLE, JILLIAN BOREHAM, AND ALAN BAILEY *page* 23

Record linkage for drug monitoring D. C. G. SKEGG AND RICHARD DOLL *page* 25

Assessment of the 'E' book as a tool for drug monitoring D. C. G. SKEGG, S. M. RICHARDS, AND RICHARD DOLL *page* 32

The influence of malignant cell cytology screening on the survival of industrial bladder cancer cases RAYMOND A. CARTWRIGHT, THEODORE GADIAN, JOHN B. GARLAND, AND SYLVIA M. BERNARD *page* 35

The triage of stroke rehabilitation W. M. GARRAWAY, A. J. AKHTAR, D. L. SMITH, AND M. E. SMITH *page* 39

Sex differences in the incidence of cerebrovascular disease S. HABERMAN, RUDY CAPILDEO, AND F. CLIFFORD ROSE *page* 45

Comparison of cause of death coding on death certificates with coding in the Royal College of General Practitioners Oral Contraception Study SALLY J. WINGRAVE, VALERIE BERAL, A. M. ADELSTEIN, AND C. R. KAY *page* 51

Young mentally handicapped adults in three London boroughs: prevalence and degree of disability STEPHEN J. F. MITCHELL AND JULIE WOODTHORPE *page* 59

Screening for disability in the inner city DONALD L. PATRICK, SARAH C. DARBY, STEPHEN GREEN, GEOFFREY HORTON, DAVID LOCKER, AND RICHARD D. WIGGINS *page* 65

The prevalence and severity of urinary incontinence in women J. W. G. YARNELL, G. J. VOYLE, C. J. RICHARDS, AND T. P. STEPHENSON *page* 71

Selection in cohorts and pattern of causes of death H. Th. WAALER *page* 75

No. 2 June 1981

The changing seasonality of infant deaths in England and Wales 1912–78 and its relation to seasonal temperature E. H. HARE, P. A. P. MORAN, AND A. MACFARLANE *page* 77

The Cardiff Cervical Cytology Study. Prevalence and epidemiology of cervical neoplasia PETER SWEETNAM, DAVID M. D. EVANS, BRYAN M. HIBBARD, AND JANE M. JONES *page* 83

The Paris Cardiovascular Risk Factor Prevention Trial. Effects of two years of intervention in a population of young men F. CAMBIEN, J. L. RICHARD, P. DUCIMETIERE, J. M. WARNET, AND J. KAHN *page* 91

The effect of fluoridation on the dental health of urban Scottish schoolchildren ANTHONY S. BLINKHORN, MAUREEN D. BROWN, DEREK ATTWOOD, AND MARTIN C. DOWNER *page* 98

The incidence of anencephalus in the Fylde peninsula 1956–76 and changes in water hardness J. P. BOUND, P. W. HARVEY, D. M. BROOKES, AND B. McA. SAYERS *page* 102

A comparative review of Asian and British-born maternity patients in Bradford, 1974–8 K. M. LUMB, P. J. CONGDON, AND G. T. LEALMAN *page* 106

The prevalence of multiple sclerosis in the Outer Hebrides compared with north-east Scotland and the Orkney and Shetland Islands GEOFFREY DEAN, JOHN GOODALL, AND ALLAN DOWNIE *page* 110

The prevalence of multiple sclerosis in Sicily I: Monreale city GIOVANNI SAVETTIERI, BENEDETTO DARICELLO, DARIO GIORDANO, LUCIEN KARHAUSEN, AND GEOFFREY DEAN *page* 114

The prevalence of multiple sclerosis in Sicily II: Agrigento city GEOFFREY DEAN, GIOVANNI SAVETTIERI, DARIO GIORDANO, CARLO BUTERA, GERLANDO TAIBI, salvatore morreale, AND LUCIEN KARHAUSEN *page* 118

The income effect of a disabled child DAVID PIACHAUD, JONATHAN BRADSHAW, AND JANE WEALE *page* 123

Variations in care for the elderly in Wales N. J. VETTER, D. A. JONES, AND C. R. VICTOR *page* 128

Consistency of data collected from inmates of a common lodging house NIGEL J. SHANKS *page* 133

Cyclical variation in psychotropic drug prescription PAUL WILLIAMS AND GRAHAM DUNN *page* 136

Whooping cough in relation to other childhood infections in 1977–9 in the United Kingdom GORDON T. STEWART *page* 139

Five-year age-specific incidence rates II: The accuracy of calculations of expected numbers of tumours N. CRAMER AND I. K. CROMBIE *page* 146

Summary of papers presented at the meeting of the Society for Social Medicine in Cambridge, September 1980 *page* 150

No. 3 September 1981

Randomised trial of high doses of stilboestrol and ethisterone therapy in pregnancy: long-term follow-up of the children VALERIE BERAL AND LINDA COLWELL *page* 155

Respiratory illness in British schoolchildren and atmospheric smoke and sulphur dioxide 1973–7 I: Cross-sectional findings R. J. W. MELIA, C. DU V. FLOREY, AND A. V. SWAN *page* 161

Respiratory illness in British schoolchildren and atmospheric smoke and sulphur dioxide 1973–7 II: Longitudinal findings R. J. W. MELIA, C. DU V. FLOREY, AND S. CHINN *page* 168

The relation of mortality in England and Wales 1969–73 to measurements of air pollution S. CHINN, C. DU V. FLOREY, I. G. BALDWIN, AND M. GORGOL *page* 174

Parental smoking and lower respiratory illness in the first three years of life D. M. FERGUSSON, L. J. HORWOOD, F. T. SHANNON, AND BRENT TAYLOR *page* 180

Weight of all births and infant mortality L. FEGERSTEN SAUGSTAD *page* 185

Incidence and prognosis of ischaemic heart disease with respect to marital status and social class: A national record linkage study MARKKU KOSKENVUO, JAAKKO KAPRIO, MATTI ROMO, AND HEIMO LANGINVAINIO *page* 192

Parity and obesity M. HELIÖVAARA AND A. AROMAA *page* 197

Prognosis of falls in old people at home D. WILD, U. S. L. NAYAK, AND B. ISAACS *page* 200

Disability factors among residents of old people's homes T. C. TWINING AND D. G. ALLEN *page* 205

Estimating the prevalence of disability in the community: the influence of sample design and response bias DAVID LOCKER, RICHARD WIGGINS, YOGA SITTAMPALAM, AND DONALD L. PATRICK *page* 208

The epidemiology of varicose veins: A survey in western Jerusalem J. H. ABRAMSON, C. HOPP, AND L. M. EPSTEIN *page* 213

The falling twin rate in Greece VASSILIOS KATSOUYIANNOPOULOS *page* 218

Meteorological associations of cerebrovascular disease mortality in England and Wales E. G. KNOX *page* 220

Oral hygiene in primary schoolchildren in Benin City, Nigeria WOLE ALAKIJA *page* 224

No. 4 December 1981

Fluoridation of water supplies and cancer mortality I: A search for an effect in the UK on risk of death from cancer PAULA COOK-MOZAFFARI, LAK BULUSU, AND RICHARD DOLL *page* 227

Fluoridation of water supplies and cancer mortality II: Mortality trends after fluoridation PAULA COOK-MOZAFFARI AND RICHARD DOLL *page* 233

Fluoridation of water supplies and cancer mortality III: A re-examination of mortality in cities in the USA LEO KINLEN AND RICHARD DOLL *page* 239

Occupations of fathers of children dying from neoplasms B. M. SANDERS, G. C. WHITE, AND G. J. DRAPER *page* 245

Ischaemic heart disease and the proportion of hydrogenated fat and ruminant-animal fat in adipose tissue at post-mortem examination: a case-control study LEO H. THOMAS AND R. G. SCOTT *page* 251

Salt and blood pressure in Belgium J. STAESSEN, R. FAGARD, P. LIJNEN, A. AMERY, C. BULPITT, AND J. V. JOOSSENS *page* 256

Social selection in seeking medical care for reduced fecundity among women in Denmark PAMELA RACHOOTIN AND JØRN OLSEN *page* 262

Trends in pelvic inflammatory disease in England and Wales NICOLA ROBINSON, VALERIE BERAL, AND JOHN S. A. ASHLEY *page* 265

Smoking habits and carboxyhaemoglobin A cross-sectional study of an urban population of middle-aged men LARS JANZON, SVEN-ERIK LINDELL, ERIK TRELL, AND PER LARME *page* 271

An assessment of efficiency in potential screening for Wilson's disease TOMOHIRO SAITO *page* 274

The limitations of case-control studies in the detection of environmental carcinogens IAIN K. CROMBIE *page* 281

Spending priorities in Kent: a Delphi study J. R. H. CHARLTON, D. L. PATRICK, G. MATTHEWS, AND P. A. WEST *page* 288

Investigating non-response bias in mail surveys K. SHEIKH AND S. MATTINGLY *page* 293

Reliability of a population survey tool for measuring perceived health problems: a study of patients with osteoarthrosis SONJA M. HUNT, S. P. MC KENNA, AND JAN WILLIAMS *page* 297

Index *page* 301
